

# McHenry Elementary School District 15

## Strategic Plan

### GENERAL GOAL STATEMENTS

1. The District will conduct operations in a safe, efficient, and fiscally responsible manner.
  2. The District will provide rigorous research based curriculum, instructional best practices, and innovative materials for all students.
  3. The District will increase communication with parents and taxpayers, via community newsletters and technological media.
- .....

### ACTION STEPS

*Goal #1: The District will conduct operations in a safe, efficient, and fiscally responsible manner.*

The District will:

- \* Finance future building additions by deferring bonds
- \* Conduct an enrollment growth study (Kasarda)
- \* Conduct a transportation study/risk management
- \* Provide five year financial projections
- \* Pursue funding a police resource officer for the middle schools
- \* Review and update job descriptions for efficiency
- \* Address capacity issues through building additions and grade reconfiguration.
- \* Conduct an energy study in all facilities

*Goal #2: The District will provide rigorous research based curriculum, instructional best practices and innovative materials for all students.*

The District will:

- \* As part of overall facilities usage and grade reconfiguration plan, will study feasibility of expanding year-round education
- \* Analyze/study technology curriculum K-8 and address staffing additions
- \* Analyze bilingual program/staffing and make recommendations
- \* Convene Response to Intervention (RTI)/ K-8 reading/language arts district wide committee to guide implementation
- \* Consider offering extended At-Risk kindergarten as part of district-wide staffing process
- \* Review needs for updated curricular materials (i.e., textbooks) curriculum development, and staff development and make recommendations for adoption
- \* Expand opportunities for algebra in middle schools
- \* Convene middle school scheduling task force to solicit input relating to exploratories and schedule result in staffing additions

*Goal #3: The District will increase communication with parents and taxpayers, via community newsletters and technological media.*

The District will:

- \* Publish and disseminate a community-wide school district annual report document
- \* Communicate with parents by providing technology link to student grades, progress reporting, attendance
- \* Review and address technology staffing
- \* Provide staff support to enhance all school building web sites
- \* Pursue reinstating Senior Exchange Program in order to enhance school-community partnership
