Parents:

Last year West Campus started an event in cooperation with St. Baldrick's to raise money for children struggling with Cancer, and it was a huge success. They not only raised over \$13,000 for Cancer research, they helped the Grabow family in their fight supporting Jackson. This year, the effort is expanding to the community and Parkland wants to get involved.

Thanks to the student council for helping organize our effort, we are joining in with both high schools, MMS, the police/fire, and the city to raise even more money this year. At Parkland our goal will be to raise \$1000 during the month of February to donate to the cause. We will be asking our students to give their spare change during lunches and accepting any donations that they wish to give. We would of course appreciate any financial help that your family would be willing to donate to our cause as well. If you choose to donate, we will have the appropriate tax forms available in the office at Parkland.

We will also be selling St. Baldrick's shirts at Parkland during homeroom and SAT for \$10 starting Wednesday February 17th. Please check our website to view the shirt design. We will have only a limited number of shirts and they will be sold on a first come first serve basis.

Our staff has accepted the challenge to help the students raise the money by agreeing to perform certain stunts, dress up, some even agreeing to shave their heads, if we meet our goal. We would appreciate any financial help that your family is comfortable with, and as always we appreciate your support for our school.

Please check out the St. Baldrick's website to gather more information about our efforts.
