The ART Gallery

This month the McHenry County Conservation District Wildlife Resource Center presented “Art & Nature” in our 4th grade art classes. The lesson connected with Mrs. Wagner’s John James Audubon lesson. With this art/science integration students were able to observe birds including an owl and a hawk while drawing. The students

were also taught about animal rescue rehabilitation and protection. The lesson was a huge success that the students greatly enjoyed. Mrs. Wagner hopes to do it again next year.

Student work now showing in the **2010 Summer Gallery** includes:

Green Corner

Thank you for your contributions to our Paper Retriever this year! Our Paper Retriever collected over 17 tons of paper. That is equivalent to saving 300 trees and keeping 51 cubic yards of garbage out of our landfills. Our school earned \$80.00 to

put toward our Environmental Club Activities and environmental awareness. The average household throws away 13,000 separate pieces of paper each year. Most is packing and junk mail so please continue to bring in your paper, junk mail,

magazines and newspapers throughout the summer! Without your help and support the Paper Retriever would not have been a success. Thank you again!
