## **HOW TO PREPARE YOUR HAIR FOR THE SHAVE/CUT**

- Make sure your hair is the required length for your organization of choice
- Clean, shampoo/condition hair, without any hairspray or hair products
  - Hair should not be permed, color treated, or highlighted
    - Prior to arrival, put your hair into a ponytail
- Gather hair at nape of neck and create ponytail with elastic band
  - Elastic band must be part of your donation
- After the cut above the band, your donation will be placed in a plastic bag
  - We will send your hair donation in or you can yourself

### **SEVERAL WAYS TO CUT YOUR PONYTAIL**

- 1) Go Bald as a Shavee and have it cut when you Go Bald at the event
- 2) Cut it off at home or at a salon and drop off your bagged Ponytail at the shave event.
- 3) Come to the Ponytail station right inside the main door at the shave event and we will cut it off for you. We will ship all donations collected to one of the above organization that you choose.
