

Edgebrook fosters a diverse community of learners working together to create an engaging environment which empowers each child to strive for excellence.

Our Story

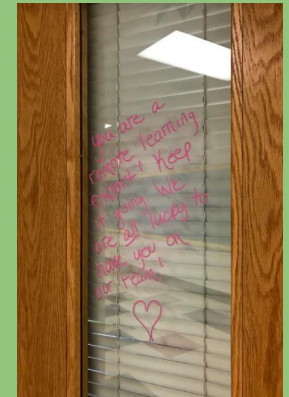

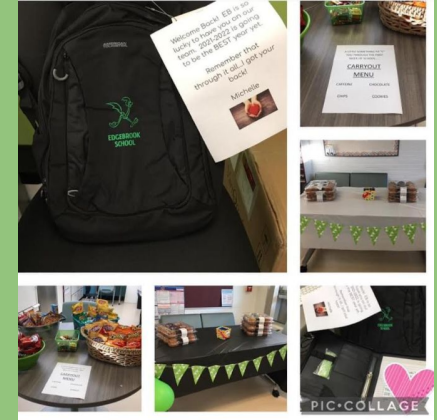

First the Heart, Then the Mind

General Education Kindergarten-Third

Our Kinders through third grade learn early on that learning comes in all different forms. By learning that we all learn differently, respect for each other grows quickly. Starting the day with high fives and dances, and ending the day with hugs and laughter, Edgebrook students know they are valued and loved!

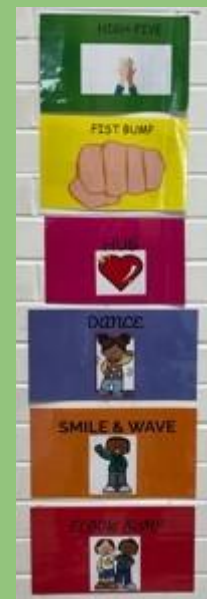

**Pledge with Mrs.
Reinhardt**

**Flexible
Seating**

**Start each day
with a positive**

**Peer
Buddies**

**Friendship with
productive
play**

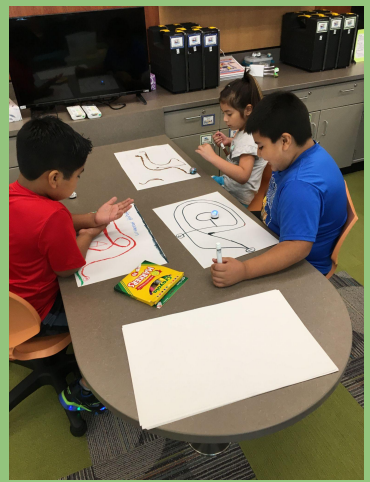

**Whole Brain
Teaching**

Specials

In their specials' setting, Edgebrook students create, stretch, grow, harmonize, design, build, read, exercise, sing, and know that school is an amazing place where they can showcase all of their talents and abilities.

Adjusted Learning and SAIL Programs

Edgebrook is very fortunate to be able to educate a variety of diverse learners with various learning abilities. The Adjusted Learning Program and SAIL Program meet the needs of the students that require direct teaching instruction in order to access their daily environment utilizing specialized strategies and techniques.

Adjusted Learning and SAIL Programs

Adjusted Learning

PROGRAM OBJECTIVES

The overall goal of the Adjusted Learning Program is to provide students that require direct instruction while addressing their individual academic and/or functional life skills goals.

SAIL

PROGRAM OBJECTIVES

The overall SAIL Program is to provide eligible students that require direct instruction while addressing their individual social, communication, academic and sensory regulation needs.
